

High-Energy-Resolution Methods in X-ray Absorption Spectroscopy - 18/September 2017

Monday 18 September 2017 - Monday 18 September 2017

Australian Synchrotron

Programme & Registration

Registration:

This workshop is free of charge.

<u>Registration for the workshop has now closed.</u>

Programme:

The workshop is held in one set of sessions with keynote and invited talks on background, science, and methods around high-resolution XAS. There will be ample of breaks for discussion and networking, and the workshop will conclude with a panel & audience discussion session. For detailed program information please see the Timetable link.

We are very pleased to confirm a high calibre of international and national speakers.

<u>Keynote speakers:</u>

Dr Uwe Bergmann, Distinguished Staff Scientist, SLAC National Accelerator Laboratory, United States of America

Dr Pieter Glatzel, Scientist in Charge - Beamline ID26, ESRF, France

<u>Invited speakers:</u>

Dr Richard Collins, Senior Lecturer and Scientia Fellow, University of New South Wales, Sydney, Australia

Prof Hugh Harris, Department of Chemistry, The University of Adelaide, Adelaide, Australia

Dr Rosalie Hocking, Senior Lecturer, James Cook University, Townsville, Australia

Prof Peter Lay, Director - Vibration Spectroscopy Core Facility, The University of Sydney, Sydney Australia

Prof Ewen Silvester, Director - Research Centre for Applied Alpine Ecology, La Trobe University, Wodonga, Australia
