

# User Meeting 2018

## Thursday 22 November 2018

### Parallel Session 9: Earth & Environment - Monash Biomedical Imaging Auditorium (15:45-16:45)

-Conveners: Richard Haverkamp

time	[id] title	presenter
15:45	[112] Illuminating the mineralogy and geochemistry of mineral processing byproducts with coupled synchrotron XRD and XANES	SANTINI, Talitha
16:15	[48] Understanding a million dollar reaction - the mineral replacement of chalcopyrite by chalcocite - insights from in-situ XRD and in-situ XAS techniques.	CHAUDHARI, Alok
16:30	[75] Shining a light on Jarosite alteration and stability using synchrotron microdiffraction and imaging techniques.	BRAND, Helen
